Subject: TC Meeting to Review Waste Acceptance Criteria for the Management of Radioactive Source (RS) and Disused Radioactive Sealed Source (DSRS),  
Rabat, Morocco from 7 May 2018 to 11 May 2018

Dear National Liaison Officer/National Coordinator,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project INT9182, “Sustaining Cradle-to-Grave Control of Radioactive Sources”.

The purpose of the event is to review all aspects related to Waste Acceptance Criteria (WAC), including the requirements for WAC in the cradle-to-grave scheme for the management of SRS and DSRS, how WAC may be established, the use of WAC, and checking of compliance with WAC.

The Information Sheet and Logistical Arrangements available on the IAEA's InTouch+ platform provide further details, including technical and administrative aspects of the course. Selection of participants will be in accordance with IAEA procedures.

The IAEA will provide non-local participants with a round-trip air ticket based on the most direct and economical route between the airport nearest the participant's residence and Rabat. Travel details will be agreed with the participants upon receipt of their official nomination. Participants will also receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses for the duration of the course in line with IAEA rules and procedures.

We would appreciate receiving your country's nominations by **15 March 2018** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Should this not be possible, applicants may download the Nomination Form for the course from the [IAEA's webpage](#). Completed forms must be endorsed by the relevant government authority and may be sent to the IAEA by email, fax or mail. Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

Jose Miguel Roncero Martin  
Scientific Secretary  
Division for Africa  
Department of Technical Cooperation
