National Liaison Officer/National Coordinator

2018-01-23

Subject: TC Meeting on conditioning and consolidation of DSRS inventories, Nicosia, Cyprus from 7 May 2018 to 11 May 2018

Dear National Liaison Officer/National Coordinator,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project INT9182, “Sustaining Cradle-to-Grave Control of Radioactive Sources”.

The purpose of the event is to provide Member States participating in the project with an overview of the tools, techniques and processes for conditioning and consolidating their national Disused Sealed Radioactive Sources' inventories.

The Information Sheet and Logistical Arrangements available on the IAEA's InTouch+ platform provide further details, including technical and administrative aspects of the course. Selection of participants will be in accordance with IAEA procedures.

The IAEA will provide non-local participants with a round-trip air ticket based on the most direct and economical route between the airport nearest the participant's residence and Nicosia. Travel details will be agreed with the participants upon receipt of their official nomination. Participants will also receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses for the duration of the course in line with IAEA rules and procedures.

We would appreciate receiving your country's nominations by **29 March 2018** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Should this not be possible, applicants may download the Nomination Form for the course from the [IAEA's webpage](#). Completed forms must be endorsed by the relevant government authority and may be sent to official.mail@iaea.org by email. Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted. We look forward to receiving your early response.

Yours sincerely,

Jose Miguel Roncero Martin
Scientific Secretary
Division for Africa
Department of Technical Cooperation
