Subject: TC Workshop on Probabilistic Safety Assessment (PSA) Methodologies and Review Practices, Prague, Czech Republic from 11 September 2017 to 15 September 2017

Dear National Liaison Officer/National Coordinator,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project RER9134, "Enhancing Safety in Accordance with the IAEA Action Plan on Nuclear Safety".

The purpose of this workshop is to provide a forum for discussions on PSA methodologies and review practices. A special emphasis will be placed on the discussions on PSA methodologies, review practices, and evolution of PSA models, as well as on national experience of Member States in applying them.

The Information Sheet and Logistical Arrangements available on the IAEA's InTouch+ platform provide further details, including technical and administrative aspects of the meeting. Selection of participants will be in accordance with IAEA procedures.

The IAEA will provide non-local participants with a round-trip air ticket based on the most direct and economical route between the airport nearest the participant's residence and Prague. Travel details will be agreed with the participants upon receipt of their official nomination. Participants will also receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses for the duration of the meeting in line with IAEA rules and procedures.

We would appreciate receiving your country's nominations by **10 July 2017** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Should this not be possible, applicants may download the Nomination Form for the meeting from the [IAEA's webpage](#). Completed forms must be endorsed by the relevant government authority and may be sent to the IAEA by email, fax or mail. Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

Alfredo Bano Leal
Scientific Secretary

Division for Europe
Department of Technical Cooperation
