2018-06-05

Subject: TC Meeting on Regulatory Review of Safety Case for Post-Closure of Radioactive Waste Disposal of DSRS, Athens, Greece from 16 October 2018 to 19 October 2018

Dear National Liaison Officer/National Coordinator,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project INT9182, "Sustaining Cradle-to-Grave Control of Radioactive Sources".

The purpose of the event is to discuss and enhance participant's understanding of regulatory review of post-closure safety cases for radioactive waste disposal, focusing on disposal of DSRS, and to provide training on regulatory review of such safety cases by running practical training exercises using materials available from real examples of safety cases and safety assessments. The event will include presentations/lectures on (i) concepts for DSRS disposal, (ii) on post-closure safety assessment, (iii) on the safety case for disposal facilities, (iii) on the role of the regulatory body, (iv) on regulatory review and assessment of disposal safety cases and post-closure safety assessments.

The attached Information Sheet and Logistical Arrangements provide further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures.

The IAEA will provide non-local participants with a round-trip air ticket based on the most direct and economical route between the airport nearest the participant's residence and Athens. Travel details will be agreed with the participants upon receipt of their official nomination. Participants will also receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses for the duration of the event in line with IAEA rules and procedures.

**Occupational Exposure to Radiation:** This activity may involve occupational exposure to radiation. Therefore, persons nominated are required to duly complete and return the attached Occupational Exposure History (OEH) form. The IAEA will provide participants in due course with a dosimeter to monitor their occupational exposure during this event.

We would appreciate receiving your country's nominations by **13 July 2018** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Should this not be possible, applicants may

download the Nomination Form for the course from the [IAEA's webpage](#). Completed forms must be endorsed by the relevant government authority and may be sent to the IAEA, preferably by email to Official Mail - IAEA Mail address [Official.Mail@iaea.org](mailto:Official.Mail@iaea.org), with copy to Mr Neil Victor Jarvis [N.V.Jarvis@iaea.org](mailto:N.V.Jarvis@iaea.org). Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

Neil Victor Jarvis  
Programme Management Officer  
Division for Africa  
Department of Technical Cooperation
