**Subject:** RER6033 | Regional Training Course on High Accuracy Radiotherapy: Technical and Physical Requirements, from 4 to 15 September 2017 and the Regional Training Course on the Role of Advanced Imaging in Clinical Radiotherapy, from 3 to 7 October 2017, both in Moscow, Russian Federation

Dear National Liaison Officer/National Coordinator,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project RER6033, "Strengthening Knowledge of Radiation Therapy Professionals (Radiation Oncologists, Medical Physicists and Radiation Therapy Technologists)".

The courses are to provide theoretical and practical training in technical and medical physics aspects of imaging and patient specific quality assurance in treatment planning and verification, applicable to 3-D conformal radiation therapy as well as of advanced radiotherapy modalities including intensity modulated radiation therapy (IMRT) and image guided radiotherapy (IGRT).

The Information Sheet and Logistical Arrangements available on the IAEA's InTouch+ platform provide further details, including technical and administrative aspects of the course. Selection of participants will be in accordance with IAEA procedures.

The IAEA will provide non-local participants with a round-trip air ticket based on the most direct and economical route between the airport nearest the participant's residence and Moscow. Travel details will be agreed with the participants upon receipt of their official nomination. Participants will also receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses for the duration of the course in line with IAEA rules and procedures.

We would appreciate receiving your country's nominations by **23 July 2017** through the IAEA's InTouch+ platform (<https://intouchplus.iaea.org>). Should this not be possible, applicants may download the Nomination Form for the course from the [IAEA's webpage](#). Completed forms must be endorsed by the relevant government authority and may be sent to the IAEA by email, fax or mail. Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

**Mayumi Yamamoto**  
**Programme Management Officer**
