Subject: Invitation to the 2017 IAEA/EANM Training Activities

Dear National Liaison Officer,

I am pleased to invite you to send nominations of suitable candidates to participate in the above mentioned training courses under the framework of TC Project RER/6/035 – Strengthening Single Photon Emission Computed Tomography/Computed Tomography and Positron Emission Tomography Hybrid Imaging Applications for Diagnosis of Chronic Diseases, including Cancer. The schedule of 2017 IAEA/EANM training courses and the selection criteria is attached.

The courses will be conducted in English, and specific information on each course can be found on the EANM website: <http://www.eanm.org/esmit/level-2/>. For candidates who are selected by the IAEA, the Agency will cover the cost of return international travel from the home country to the course venue and provide a stipend for the duration of the training course in line with Agency rules and procedures.

Please send duly completed Nomination Form for Training Courses by the deadlines listed in the attached schedule. Please note that nominations received after the closing date will not be considered.

Please submit nominations to the IAEA online through the Technical Cooperation Department's InTouch system (<http://intouch.iaea.org>). Only if this is not possible, nominations may be submitted on the Nomination Form for Training Courses available on the IAEA website: <http://www.iaea.org/technicalcooperation/How-to-take-part/train-course/index.htm>. Completed forms should be endorsed by relevant national authorities and sent to the Programme Management Officer for this project, Ms Mayumi Yamamoto (IAEA Official Fax: +43-1-26007 or E-Mail: Official.Mail@iaea.org), through the official channels, i.e. the designated National Liaison Office for IAEA matters.

Yours sincerely,

Martin Krause

Director

Division for Europe

Department of Technical Cooperation

Enclosure: Schedule of EANM Training Courses in 2017

**Schedule of EANM Training Courses in 2017 under Regional TC Projects RER/6/035:
Strengthening Single Photon Emission Computed Tomography/Computed Tomography and Positron Emission
Tomography Hybrid Imaging Applications for Diagnosis of Chronic Diseases, including Cancer**

Course Title	Location	Course Dates in 2017	Deadline for submission of Nominations	Selection Criteria
ESMIT Spring Course	UMCG – University Medical Centre Groningen (Groningen, The Netherlands)	March 31–April 2, 2017	27 January 2017 (IAEA/TC may sponsor up to 8 participants for each track)	<p>The spring course consists of 4 parallel tracks held during 3 consecutive days. Each track takes 1,5 days and all tracks start over again, which allows each participant to attend 2 tracks in a row:</p> <ul style="list-style-type: none"> - Cardiovascular track - Musculoskeletal track - Oncology track - Neurology track <p>In nomination forms, please ensure to indicate order of your preference among 4 tracks. Preference will be taken into account, but all may not be met.</p> <p>The applicants should be Nuclear Medicine physicians and/or Nuclear Radiologists interested and practicing in one of the topics/tracks of the course.</p>

<p>ESMIT/ESTRO course</p>	<p>Institute Bergonie Bordeaux, France</p>	<p>April 10-13, 2017</p>	<p>7 February 2017 (IAEA/TC may sponsor up to 10 participants for this course)</p>	<p>This course will be an interactive hands-on group training on Molecular Imaging GTV delineation, and application of PET/CT and MR for RT planning.</p> <p>The applicants should be Nuclear Medicine physicians, Nuclear Radiologists and Radiation Oncologists. Preference will be given to applications of a Nuclear Medicine Physician and Radiation Oncologist coming from the same medical institution, which is the preferred way of training.</p>
<p>ESMIT Autumn Course</p>	<p>Universitatea de Medicină și Farmacie, Iuliu Hațieganu (Cluj-Napoca, Romania)</p>	<p>September 1 – 3, 2017</p>	<p>16 June 2017 (IAEA/TC may sponsor up to 10 participants for each track)</p>	<p>The autumn course consists of 4 parallel tracks held during 3 consecutive days. Each track takes 1,5 days and all tracks start over again, which allows each participant to attend 2 tracks in a row.</p> <p>Tracks still to be finalized later, but possible on Oncology (with focus on lymphoma), Paediatrics and one for Technologists (TBC)</p> <p>In nomination forms, please ensure to indicate order of your preference among 4 tracks, which will be announced later.</p> <p>The applicants should be Nuclear Medicine physicians and/or Nuclear Radiologists interested and practicing in one of the topics/tracks of the course.</p> <p>Nuclear medicine technologists are also welcome to this course.</p>

For detailed information on tracks, please refer to: <http://www.eanm.org/esmit/level-2/>
