National Liaison Officer/National Coordinator

2018-01-23

Subject: Regional Workshop on Communication for Safety by the Regulatory Body, Kiev, Ukraine from 14 to 18 May 2018

Dear National Liaison Officer/National Coordinator,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing the above workshop under the IAEA technical cooperation project RER9134, “Enhancing Safety in Accordance with the IAEA Action Plan on Nuclear Safety”.

The purpose of the workshop is to provide guidance to the staff of regulatory bodies on how to effectively conduct safety-related communication so that these can inform and involve interested parties, including the public, in regulatory activities.

The Information Sheet and Logistical Arrangements available on the IAEA's InTouch+ platform provide further details, including technical and administrative aspects of the workshop. Selection of participants will be in accordance with IAEA procedures.

The IAEA will provide non-local participants with a round-trip air ticket based on the most direct and economical route between the airport nearest the participant’s residence and Kiev. Travel details will be agreed with the participants upon receipt of their official nomination. Participants will also receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses for the duration of the workshop in line with IAEA rules and procedures.

We would appreciate receiving your country's nominations by **16 February 2018** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Should this not be possible, applicants may download the Nomination Form for the workshop from the IAEA's webpage. Completed forms must be endorsed by the relevant government authority and may be sent to the IAEA by email, fax or mail. Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

Adeline Djeutie
Programme Management Officer
Division for Europe
Department of Technical Cooperation

Regional Workshop on Communication for Safety by the Regulatory Body

Hosted by

The Government of Ukraine

through the

State Nuclear Regulatory Inspectorate of Ukraine

Kiev, Ukraine

14 – 18 May 2018

Ref. No.: ME-RER9134-1705614

Information Sheet

A. Purpose

The purpose of the workshop is to provide guidance to the staff of regulatory bodies on how to effectively conduct safety-related communication so that these can inform and involve interested parties, including the public, in regulatory activities.

B. Working Language(s)

The working language(s) of the event will be **English**.

C. Deadline for Nominations

Nominations received after **16 February 2018** will not be considered.

D. Scope and Nature

There will be presentations delivered by experts related to the topic. Participants are expected to prepare a national presentation to provide detail information about their communication-related experience and practices for regulatory activities. The Secretariat will prepare a template to be used for the preparation of these presentations in order to focus on the identified issues.

The relevant IAEA Safety Standards, including GSR Part 1 (Rev. 1) Governmental, Legal and Regulatory Framework for Safety and GSG-6 Communication and Consultation with Interested Parties by the Regulatory Body, will be main references of the workshop.

E. Participation

The meeting is open to **20** participants from Member States.

Each country is invited to nominate **one or more participants** who must match the profile described in the corresponding paragraph, indicating the order of priority.

F. Participants' Qualifications and Experience

The participants are expected to be decision-makers and managers of the regulatory authorities or their technical support organizations, responsible for communication. Candidates from other national organisations will be considered as long as they have direct involvement in communication activities on safety related issues.

The workshop will be conducted in English and candidates should have sufficient English proficiency to participate in the workshop without difficulty.

G. Application Procedure

Candidates wishing to apply for this event should follow the steps below:-

1. Access the IAEA TALEO page (<https://iaea.taleo.net/>) and complete the Candidate Profile.
2. Be registered on the Nucleus page of the IAEA (<https://nucleus.iaea.org/>).
3. Through Nucleus, access the InTouch+ platform where the Profile is completed (My Profile tab) (<https://nucleus.iaea.org/Pages/InTouchPlus.aspx>).

NOTE: The email used for TALEO and Nucleus must be the same. If not, the candidate's profile will not appear complete.

4. On the InTouch + platform, under the 'My InTouch +' tab, the candidate needs to:
 - a. select the institute / organization that he/she works at / represents ('My Institute' section);
 - b. click on the link called '**Refresh Personal History Form**' to update the system, *otherwise the nominations submitted will have these fields empty and it will not be possible to evaluate them during the selection of candidates* ('IAEA Recruitment Platform' section).

NOTE: Once the above steps are finalized, the candidate's profile will appear as completed and he/she can apply for Technical Cooperation events.

5. In the InTouch+ platform (<https://Intouchplus.iaea.org>), in the 'Applications' tab, search by the event number provided in the invitation.

The help for each step is located at the top of the page. For additional help on how to register, create a profile and apply for an event, please refer to the online guide and training videos available under the following links: [how-to guide](#) and [training videos](#). Any issues or queries related to the new system can be addressed to InTouchPlus.Contact-Point@iaea.org or TC-AIPS-PL4.Contact-point@iaea.org.

Should this not be possible, applicants may download the Nomination Form for the workshop from the IAEA website <https://www.iaea.org/services/technical-cooperation-programme/how-to-participate>.

Applications should contain sufficient information to establish that the nominees have the required qualifications. Completed applications need to be endorsed by the relevant national authority, i.e. the National Liaison Office and submitted through the established official channels.

H. Administrative and Financial Arrangements

Nominating authorities will be informed in due course of the names of the candidates who have been selected, and will at that time be informed of the procedure to be followed with regard to administrative and financial matters.

Selected participants will receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses. They will also receive either a round-trip air ticket based on the most direct and economical route between the airport nearest their residence and the airport nearest the duty station through the IAEA's travel agency American Express, or a travel grant, or they will be reimbursed travel by car/bus/train in accordance with IAEA rules for non-staff travel.

I. Disclaimer of Liability

The organizers of the event do not accept liability for the payment of any cost or compensation that may arise from damage to or loss of personal property, or from illness, injury, disability or death of a participant while he/she is travelling to and from or attending the workshop, and it is clearly understood that each Government, in approving his/her participation, undertakes responsibility for such coverage. Governments would be well advised to take out insurance against these risks.

J. Note for female participants:

Any woman engaged by the IAEA for work or training should notify the IAEA on becoming aware that she is pregnant.

The Board of Governors of the IAEA approved new International Basic Safety Standards for Protection against Ionizing Radiation and for the Safety of Radiation Sources. The Standards deal specifically with the occupational exposure conditions of female workers by requiring, inter alia, that a female worker should, on becoming aware that she is pregnant, notify her employer in order that her working conditions may be modified, if necessary. This notification shall not be considered a reason to exclude her from work; however, her working conditions, with respect to occupational exposure shall be adapted with a view to ensuring that her embryo or foetus be afforded the same broad level of protection as required for members of the public.
