National Liaison Officer/National Coordinator

2017-07-24

Subject: Regional Workshop on Experiences of Corrective and Protective Radon Measures from 23 to 27 October 2017

Dear National Liaison Officer/National Coordinator,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project RER/9/136 "Reducing Public Exposure to Radon by Supporting the Implementation and Further Development of National Strategies".

The purpose of the workshop is to transfer knowledge and experiences of implementation of protective and corrective radon measures and to summarize the progress made over the past 2 years of the project.

The Information Sheet and Logistical Arrangements available on the IAEA's InTouch+ platform provide further details, including technical and administrative aspects of the workshop. Selection of participants will be in accordance with IAEA procedures.

The IAEA will provide non-local participants with a round-trip air ticket based on the most direct and economical route between the airport nearest the participant's residence and Yerevan. Travel details will be agreed with the participants upon receipt of their official nomination. Participants will also receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses for the duration of the workshop in line with IAEA rules and procedures.

We would appreciate receiving your country's nominations by **28 August 2017** through the IAEA's InTouch+ platform (<https://intouchplus.iaea.org>). Should this not be possible, applicants may download the Nomination Form for the workshop from the IAEA's webpage. Completed forms must be endorsed by the relevant government authority and may be sent to the IAEA by email, fax or mail. Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

pv

Carmina Jimenez Velasco
Programme Management Officer
Division for Europe
Department of Technical Cooperation
