National Liaison Officers /  
National Coordinators

2020-04-28

**Subject: Practical Training Course on Policy, Strategy and Regulation of Decommissioning and Environmental Remediation Projects, Vienna, Austria, from 24 to 28 August 2020**

Dear National Liaison Officer / National Coordinator,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project INT2020, “Enhancing Capacity Building to Promote Successful Decommissioning and Environmental Remediation Projects”.

The purpose of the training course is to establish an understanding on how Policy, Strategy and Regulatory Requirements (PS&RRs) are applicable to Decommissioning and Environmental Remediation situations highlighting their relevance while demonstrating how they are necessary elements to enable and even facilitate project execution. The course will be based on practical examples where PS&RRs have been implemented. The event will also present the process of regulatory oversight in remediation and decommissioning activities, the decision-making process resulting from this interaction, the challenges of compliance, and how to achieve optimized solutions.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to identify suitable women participants.

The IAEA will provide non-local participants with a round-trip air ticket based on the most direct and economical route between the airport nearest the participant’s residence and Vienna. Travel details will be agreed with the participants upon receipt of their official nomination. Participants will also receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses for the duration of the event in line with IAEA rules and procedures.

We would appreciate receiving your country's nominations by **1 June 2020** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Should this not be possible, applicants may download the Nomination Form for the course from the [IAEA's webpage](#). Completed forms must be endorsed by the relevant government authority and may be sent to the IAEA, preferably by email to Official Mail - IAEA Mail address [Official.Mail@iaea.org](mailto:Official.Mail@iaea.org), with copy to Mr Jing Zhang [J.Zhang@iaea.org](mailto:J.Zhang@iaea.org) and Mr Dirgantara Ginanjar [D.Ginanjar@iaea.org](mailto:D.Ginanjar@iaea.org). Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Jing Zhang', is positioned to the right of the typed name.

Jing Zhang  
Programme Management Officer
