Dear National Liaison Officer/National Coordinator,

I am pleased to invite you to send nominations of suitable candidates to participate in the International training school on Radionuclide therapy and theragnostic within the framework of the IAEA technical cooperation project RER6037, "Strengthening Nuclear Medicine Capabilities".

The purpose of the event is to build on the 2020 on-line Training School "Radionuclide therapy and imaging" and following participant's feedback, this course seeks to focus on the multi-disciplinary aspects of theragnostics and internal radionuclide therapy: <https://www.ifamp.eu/course2-banja-luka-international.html>

The IAEA will provide selected participants with a round-trip air ticket based on the most direct and economical route between the airport nearest the participant's residence and Banja Luka. Participants will also receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses for the duration of the event in line with IAEA rules and procedures.
