Dear National Liaison Officer / National Coordinator,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project RER9155, "Enhancing Regulatory and Metrological Infrastructures Needed to Ensure Radiation Safety in Naturally Occurring Radioactive Materials Industry".

The purpose of the virtual workshop is to provide a comprehensive overview of occupational radiation protection in industrial processes involving Naturally Occurring Radioactive Material (NORM) in line with the International Basic Safety Standards (GSR Part 3) requirement and Safety Guide on Occupational Radiation Protection (GSG-7) recommendations.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to identify suitable women participants.

Selected participants who indicate their need, will receive financial support to contribute to the expenses of their costs for internet connection for the duration of the event in line with IAEA rules and procedures.

We would appreciate receiving your country's nominations by **1 October 2020** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Should this not be possible, applicants may download the Nomination Form for the course from the [IAEA's webpage](#). Completed forms must be endorsed by the relevant government authority and may be sent to the IAEA, preferably by email to Official Mail - IAEA Mail address ([Official.Mail@iaea.org](mailto:Official.Mail@iaea.org)), with copy to Ms Emina Alic ([E.Alic@iaea.org](mailto:E.Alic@iaea.org)).
