

**TC Sponsored Participation on  
EANM/ESMIT: Practical Implementation of Clinical Dosimetry  
in Nuclear Medicine Therapy 2021**

**Regional TC Project RER 6/037**

<b>Event number</b>	SP RER6037-EVT2104552
<b>Event title</b>	<b>EANM/ESMIT: Practical Implementation of Clinical Dosimetry in Nuclear Medicine Therapy 2021</b>
<b>Place/Date</b>	<b>Vienna, Austria, 9-10 December 2021</b>
<b>Nomination Deadline</b>	<b>15 October 2021</b>
<b>Information</b>	<p>The purpose is to support participation in EANM/ESMIT: Practical Implementation of Clinical Dosimetry in Nuclear Medicine Therapy 2021</p> <p><a href="https://www.eanm.org/esmit/advanced-courses/practical-implementation-of-clinical-dosimetry-in-nuclear-medicine-therapy/">https://www.eanm.org/esmit/advanced-courses/practical-implementation-of-clinical-dosimetry-in-nuclear-medicine-therapy/</a></p>
<b>Contact Person</b>	<p><b>Ms Sara Iglesias Rivas</b>          European Association of Nuclear Medicine (EANM)          Schmalzhofgasse 26          1060 VIENNA          AUSTRIA          email: <a href="mailto:s.iglesias@eanm.org">s.iglesias@eanm.org</a></p>
<b>Selection Criteria</b>	<p>The target audience includes physicists, with an interest in implementing dosimetry in their centre but lacking the practical experience to take this forward.</p>
