National Liaison Officers /
National Coordinators

2022-11-24

Subject: Virtual Regional Training Course on Advanced treatment planning workflow: from contouring to plan evaluation. Prostate & Lymph nodes, from 6 to 24 February 2023

Dear National Liaison Officer / National Coordinator,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project RER6040, "Enhancing Radiotherapy Delivery Through Improved Use of Advanced Dosimetry and Radiotherapy Techniques".

The purpose of the event is to train participants on: (1) Contouring of the target and organs at risk volumes based on various imaging data available for patients with prostate cancer; (2) Creating high quality treatment plans using intensity modulated radiotherapy (IMRT) technique; (3) Evaluating treatment plans using different tools and criteria.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to identify women participants.

We would appreciate receiving your country's nominations by **22 December 2022** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Should this not be possible, applicants may download the Nomination Form for the course from the [IAEA's webpage](#). Completed forms must be endorsed by the relevant government authority and may be sent to the IAEA, preferably by email to Official Mail - IAEA Mail address Official.Mail@iaea.org, with copy to Ms Mayumi Yamamoto M.Yamamoto@iaea.org. Please be advised that late nominations or replacements of participants after

the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

A handwritten signature in black ink, consisting of a large, sweeping initial 'M' followed by a series of connected, fluid strokes that form the rest of the name.
