

INTERNATIONAL ATOMIC ENERGY AGENCY

THE DIRECTOR GENERAL

7 June 2023

Dear Mr Velinov,

Thank you for your letter, and for the information contained therein on the recent developments in the Republic of Serbia linked to the cooperation agreement reached between the Faculty of Law, University of Belgrade and the Directorate for Radiation and Nuclear Safety and Security (SRBATOM) of Serbia. I am pleased to learn of this collaboration and the possibilities it offers for the professional development of postgraduate and final-year students.

It is especially interesting to hear about the seminars and internship programmes that will be offered to students in the field of environmental law, radiation safety, and nuclear security.

Further to recent informal consultations between the IAEA Office of Legal Affairs and Mr Branko Brajić, Assistant Director, SRBATOM, I understand there is interest of the faculty and SRBATOM to host in Belgrade a two-week advanced training course on nuclear law for IAEA Member States in the region, within the framework of the IAEA Legislative Assistance Programme.

Mr Anthony Wetherall, Head, Nuclear and Treaty Law Section, Office of Legal Affairs and Ms Sandra Marie Steyskal, Section Head, Division for Europe, Department of Technical Cooperation, will continue to liaise with Mr Brajić on the necessary arrangements for the implementation of this training course. Thank you again for sharing this new development, and we wish you all the best in your continued efforts toward the improvement of nuclear law education in Serbia.

Yours sincerely,

Rafael Mariano Grossi

Mr Sladan Velinov
Director
Directorate for Radiation and Nuclear Safety
and Security of Serbia
Terazije 41a/IV
