

Project Final Coordination Meeting

Hosted by

The Government of Slovenia

through the

Slovenian Nuclear Safety Administration (SNSA)
Ljubljana, Slovenia

7 to 10 May 2024

Ref. No.: ME-INT9184-2401356

Information Sheet

Purpose

The purpose of the event is to present and review the progress made and achievements reached as well as identify follow up actions.

Working Language(s)

The working language(s) of the event will be English.

Deadline for Nominations

Nominations received after 5 April 2024 will not be considered.

Project Background

In order to promote more effective interaction and coordination between competent authorities at a working level, a first Mediterranean Network (MedNet) for the safe transport of radioactive material was created with the support of the IAEA and funding provided by the European Union (EU). MedNet has already provided a platform for sharing information among experts, promoting best practices, identifying areas for building capacity, establishing working links, and developing and approving common guidance material. The ultimate goal of this project is to ensure harmonization and continued improvement in radiation and transport safety in the countries surrounding the Mediterranean, resulting in a positive impact on trade and the regional economy.

Scope and Nature

The joint meeting between MedNet and EACA network will be focus on presentations and brainstorming sessions for the exchange of knowledge, expertise, and good practices/challenges between two regions regarding the safe transport of radioactive material.

Participation

All project coordinators are invited to participate in the event

Participants' Qualifications and Experience

Speciality relevant to radiation and transport safety, including, academic and working experience in the area.

Application Procedure

Candidates wishing to apply for this event should follow the steps below:

1. Access the InTouch+ home page (<https://intouchplus.iaea.org>) using the candidate's existing Nucleus username and password. If the candidate is not a registered Nucleus user, she/he must create a Nucleus account (<https://websso.iaea.org/IM/UserRegistrationPage.aspx>) before proceeding with the event application process below.
2. On the InTouch + platform, the candidate must:
 - a. Finalize or update her/his personal details, provide sufficient information to establish the required qualifications regarding education, language skills and work experience ('Profile' tab) and upload relevant supporting documents;
 - b. Download and complete the [Designation of Beneficiary and Emergency Contact Form](#), and upload to InTouch+ ('Profile' tab under the personal section) specifying the document name. If already provided, kindly discard this step; and
 - c. Search for the relevant technical cooperation event (EVT2401356) under the 'My Eligible Events' tab, answer the mandatory questions and lastly submit the application to the required authority.

NOTE: Completed applications need to be approved by the relevant national authority, i.e. the National Liaison Office, and submitted to the IAEA through the established official channels by the provided designation deadline.

For additional support on how to apply for an event, please refer to the [InTouch+ Help page](#). Any issues or queries related to InTouch+ can be addressed to InTouchPlus.Contact-Point@iaea.org.

Should online application submission not be possible, candidates may download the nomination form for the meeting from the [IAEA website](#).

NOTE: A medical certificate signed by a registered medical practitioner dated not more than four months prior to starting date of the event must be submitted by candidates when applying for a) events with a duration exceeding one month, and/or b) all candidates over the age of 65 regardless of the event duration.

Administrative and Financial Arrangements

Nominating authorities will be informed in due course of the names of the candidates who have been selected, and will at that time be informed of the procedure to be followed with regard to administrative and financial matters.

Selected participants will receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses. They will also receive either a round-trip air ticket based on the most direct and economical route between the airport nearest their residence and the airport nearest the duty station through the IAEA's travel agency AX Travel Management, or a travel allowance, or they will be reimbursed travel by car/bus/train in accordance with IAEA rules for non-staff travel.

Disclaimer of Liability

The organizers of the event do not accept liability for the payment of any cost or compensation that may arise from damage to or loss of personal property, or from illness, injury, disability or death of a participant while he/she is travelling to and from or attending the course, and it is clearly understood that each Government, in approving his/her participation, undertakes responsibility for such coverage. Governments would be well advised to take out insurance against these risks.

Note for female participants

Any woman engaged by the IAEA for work or training should notify the IAEA on becoming aware that she is pregnant.

The Board of Governors of the IAEA approved new International Basic Safety Standards for Protection against Ionizing Radiation and for the Safety of Radiation Sources. The Standards deal specifically with the occupational exposure conditions of female workers by requiring, inter alia, that a female worker should, on becoming aware that she is pregnant, notify her employer in order that her working conditions may be modified, if necessary. This notification shall not be considered a reason to exclude her from work; however, her working conditions, with respect to occupational exposure shall be adapted with a view to ensuring that her embryo or foetus be afforded the same broad level of protection as required for members of the public.
