Subject: Regional Training Course on the Application of Radiotracer Methods applied in Metallurgical Processes, Warsaw, Poland, from 7 to 11 July 2025

Dear National Liaison Officer / National Coordinator,

I am pleased to inform you, that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project RER1023, "Harmonizing Implementation of Radiotracer and Sealed Sources Techniques for Efficient Use of Natural Resources and Environmental Monitoring".

The purpose of the event is to train the participants on radiotracer methods applied in metallurgical processes, including experiments and modelling with intercomparison tests, focusing on the importance of the Quality Assurance/Quality Control methods for deficit metals recovery.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to identify women participants.

We would appreciate receiving your country's nominations by **20 May 2025** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

Maria del Pilar Murillo Fuentes
Programme Management Officer
Division for Europe
Department of Technical Cooperation
