**Subject: Regional Workshop on Concepts and Designs for Very Low Level and Low-Level Radioactive Waste Disposal, Vienna, Austria, from 26 to 30 January 2026**

Dear National Liaison Officer / National Coordinator,

I am pleased to inform you, that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project RER9164, “Building Capacity for Radioactive Waste Management”.

The purpose of the event is to strengthen the capacities of participating Member States in identifying viable disposal concept options and in establishing an iterative design process of fit-for-purpose radioactive waste (RW) disposal systems for very low level waste (VLLW) and/or low-level waste (LLW).

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to identify women participants.

We would appreciate receiving your country's nominations by **5 October 2025** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

Maria del Pilar Murillo Fuentes  
Programme Management Officer  
Division for Europe  
Department of Technical Cooperation
