**Subject: Regional Workshop on Professional Status and Training Gaps in Diagnostic Radiology Medical Physics, Vienna, Austria, from 31 March to 1 April 2026**

Dear National Liaison Officer / National Coordinator,

I am pleased to inform you, that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project RER6045, “Strengthening Medical Physics in Diagnostic and Interventional Radiology”.

The purpose of the meeting is to review the needs and gaps identified by participating Member States regarding the diagnostic radiology medical physics profession, as well as the skills and competencies required to support healthcare technologies. Key topics for discussion will include professional issues, staffing levels in diagnostic radiology medical physics, and quality management systems. During the meeting, the project workplan will be examined and finalized, including planned activities and corresponding timelines. Additionally, specific information on baseline indicators will be gathered to support project monitoring.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to identify women participants.

We would appreciate receiving your country's nominations by **20 February 2026** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Anna Melkumyan', with a stylized, cursive script.

Anna Melkumyan  
Programme Management Officer  
Division for Europe  
Department of Technical Cooperation
