2026-02-20

Subject: Regional Training Course on Safety Analysis for Research Reactors, Istanbul, Türkiye, from 18 to 22 May 2026

Dear National Liaison Officer / National Coordinator,

I am pleased to inform you, that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project RER1025, “Enhancing Utilization, Operation, and Safety of Research Reactors”.

The purpose of the event is to train the participants on the safety assessment of research reactors by means of comprehensive deterministic safety analysis and complementary probabilistic safety assessment based on the IAEA Safety Standards.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to identify women participants.

We would appreciate receiving your country’s nominations by **23 March 2026** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

Azat Nurken

Programme Management Officer
